

## PRESSEMITTEILUNG

### **SÜDA presents new foot care chair SÜDA Move C2**

**Karlsruhe, 05.04.2022: SÜDA successfully introduced a new generation of foot care chairs with the SÜDA Move C1. By doing this, the brand has managed to combine functionality with maximum comfort in the smallest possible space. Recently, SÜDA's range of treatment chairs introduced a new member, the SÜDA Move C2.**

The new podiatry chair builds on the functions of the SÜDA Move C1 and continues to offer vertical height adjustment through the modern lifting column, thus providing maximum flexibility in the work of podiatrists/podologists. Due to the possibility of different adjustment variants, the SÜDA Move C2 enables a comfortable sitting feeling as well as working close and ergonomic work on the customers.

The special features of the latest member of the foot care chair range are the adjustable leg sections. These can be moved electrically with separate leg drives and can thus be controlled directly via a switch on the respective leg section. The memory function allows the user to save the chosen leg position for further treatments to save time. In addition, the SÜDA Move C2 can be customized as desired with decorative panels on the base and numerous upholstery colors.

"Our SÜDA Move C2 is the perfect complement for the new generation of podiatry chairs. It not only brings decisive advantages for the chiropodists or podiatrists, but their customers also benefit from it. The SÜDA Move C2 thus facilitates the work in foot care as well as podiatry and additionally creates a pleasant feeling of comfort." - Julian La Fontaine, Managing Director IONTO Health & Beauty GmbH.

#### **About IONTO Health & Beauty GmbH**

IONTO Health & Beauty GmbH combines the strong brands IONTO-COMED, SÜDA and CARE MORE and offers a wide range of innovative and practical products for wellness, cosmetics and foot care & podiatry - from devices and treatment chairs and tables to consumables and complete cabin equipment.
